Panel Material Feature

FINSA
Made in Spain

FINSA'S antibacterial premium panel products contribute to cleaner spaces and healthier living. They are designed to reduce the bacteria living on surfaces.

With new textures, exclusive fashion-forward European designs, and antibacterial finish, thermal-fused melamine Finsa boards are a new generation of melamine panels.

Formica® Brand Laminate offers a broader range of looks than ever before. More than a few hundred types of colour, pattern & texture for our customers to tailor-made their favorite style and design.
